

Tennessee Valley Authority - Watts Bar Nuclear Plant, 1270 Hwy 68, Spring City, TN 37381

The following lot is being offered for sale by TVA. Items are located Watts Bar Nuclear Plant and Meigs County Park near Spring City, TN.

The pre-bid inspection is scheduled for **November 10, 2009 at Watts Bar Nuclear Plant**. Material located at WBN will be viewed first then proceed to Meigs County Park. It is imperative that attendees of the pre-bid inspection contact Shelia Baker at 423-802-2454 by November 6, 2009 with the following information to be granted access into the nuclear site; full name, home address, and type of vehicle driven. A photo ID will be required for verification. Information required for access should be sent via e-mail to acftechnicalservices@comcast.net. **If you do not provide this information you will not be granted access to the site.** It is imperative buyers be on time. It is strongly suggested interested buyers attend the pre-bid inspection due to large volume of material which may not be adequately represented in the photos.

Bids are due on **Tuesday, November 17, 2009**, by 3:00 p.m. Central Time. All bids should be submitted to the Valley Wide Investment Recovery Bid Center by fax 865-632-9473. It is the responsibility of the bidder to confirm the receipt of his/her bid.

WBN 108001 - 5 Areas of Miscellaneous Items (See description of items below)

Area #1 - Watts Bar Nuclear Plant (near Spring City, TN) - Turbine Bearing Casings, and Stationary Blades

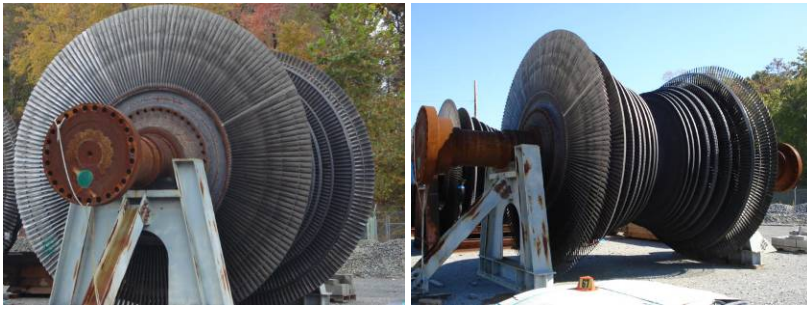

Note: Requires Buyer to cut into sizes which can be loaded without the use of a crane. No crane usage will be allowed. Outside of shells contain lead paint and abatement is required prior to cutting. If blades are cut, requirements for Hexavalent Chromium must be implemented.

NOTE: Some items on the slab are not for sale. Bidders should ensure they clearly understand what is included during the pre-bid inspection.

Area #2 – Turbine LP Rotor

Note: Rotor Stands not included. Cutting of blades requires compliance with Hexavalent Chromium requirements. Two additional rotors may be included at time of pre-bid inspection.

Area #3 – Kelly Building

Note: Building frame contains lead paint. No hot cutting of material without abatement.

Area #4 – Misc Material

- Misc. cable
- Misc. Steel structures and aluminum buswork
- Misc. stainless “mirror” insulation
- Misc. Piping, power packs, concrete dumper, air tank
- Portable breathing air station
- Sand blasting unit
- HEPA Units

Area #5 - Meigs County Park (near Spring City, TN) -Pavilion, Ball Park, and Playground

Removal of miscellaneous structures.

NOTE: Additional items may be added to areas prior to the pre-bid inspection.

Special Notes: Also see the contract Terms and Conditions.

- TVA does not guarantee material description, quantity, or type, and therefore all bidders are encouraged to inspect the lots and to read and understand the terms and conditions of the sale prior to removal. Special site specific requirements may apply.
- Environmental and safety issues/requirement will be discussed in the bidder inspection.
- Buyer must comply with all OSHA and site specific hexavalent chromium safety requirements for any “hot” work performed.
- TVA certified fire-watch training is required for any cutting or burning activities. Training cost and schedule will be available at the pre-bid inspection.
- All bids must include a description of the methods of disassembly/removal and a schedule for removal of the items.
- Copies of contract terms and conditions are available by contacting the Valley Wide Investment Recovery Bid Center via email address valleywide@tva.gov.
- TVA reserves the right to reject all bids.
- Payment and all certifications (including the certificate of insurance) must be received before removal can be scheduled.
- Item(s) are sold as is, where is, and all sales are final with no refunds.
- Bidders and their employees are required to wear Personal Protective Equipment (PPE) during lot inspections. During removal the Buyer and employees are required to wear, at a minimum, hard hats, Kevlar gloves, safety glasses, steel toe boots, and any other PPE required as specified in the safe removal plan.
- All Buyers will be required to submit a “Safe Removal Plan” to the Valley Wide Investment Recovery Bid Center via email address valleywide@tva.gov. An example of a plan will be available during the pre-bid inspection.
- TVA requires a five day notice prior to removal after review of the safe removal plan.
- Anyone inspecting material or working on a TVA site must sign a safety waiver.
- Some items may require special rigging and crane operation. Rigging and Crane operation on a TVA site requires the Buyer to be certified by TVA prior to removal. Certification may be obtained only after attending a class with TVA. A copy of the certification is required prior to removal.
- A Buyer's forklift or equipment operator must have a valid certification and the equipment must be inspected prior to operation on a TVA site, valid annual inspection sticker. TVA does not provide equipment.
- TVA will not furnish dumpsters, lunch areas, utilities, vending areas and the like.
- Buyer is required to clean-up the area prior to removal of the last load. This includes removal of all trash, pallets, dunnage, etc. unless otherwise noted in the lot description. All material and waste must be removed from the TVA site.
- Removal will be allowed Monday through Thursday from 7:00 a.m. through 3:30 p.m. unless otherwise a federal holiday. If Bidders need to work a schedule other than this, the Bidders must include the exception at the time of bid submittal. Final work schedules will be determined at the time of award.
- Bidders must provide any exceptions to the requirements within this sales notice at the time of bid submittal.
